Drying preparations simply developed

catarrhs; they dry up the secretions, which adhere to the mucous membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Ointment is such a remedy and will cure catarrh of the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 111 Warren St., N.Y.

The Ely Cream Ointment does not irritate or cause suppuration. It spreads itself over an irritated and inflamed surface, relieving immediately the painful inflammation. With Ely's Cream Ointment you are armed against Nasal Catarrh and Hay Fever.

SHOW OF LIVE STOCK.

BIG EXHIBIT FOR THE PAN-AMERICAN AT BUFFALO.

Horse Show a Prominent Feature. Model Dairy Building on the Grounds - Accommodations For 25,000 Animals - Grand Display of Agricultural Products.

The exhibit of live stock at the Pan-American Exposition at Buffalo the coming summer will include all varieties and breeds of domestic animals. Arrangements have been made to accommodate 25,000 animals on the grounds. Liberal prizes in all classes will be offered.

A fashionable horse show will be a prominent feature of the display and will include harness horses, saddlers, jumpers, etc. This exhibition will be fashioned on the lines of the Madison Square Garden show and will be held at the Stadium.

A model exhibition dairy, composed of all breeds of milk cows, will be in operation during the six months of the Exposition.

A great display of the varied agricultural products from the various states, provinces and countries of the Western Hemisphere will be made in the Agricultural building, covering two acres.

Awards for all meritorious exhibits will be made direct to individual exhibitors.

The closing of the Nineteenth century has witnessed marvelous strides in the improvement of methods in the dairy world. Formerly the whole business was conducted largely by "rule of thumb." Instead of a vocation requiring a certain apprenticeship it is fast becoming an exact science, in which chemistry and bacteriology play no insignificant part. The increasing interest and attendance at the various dairy schools throughout the United States and Canada, the existence of great co-operative and commercial organizations for the manufacture and sale of dairy products, is an indisputable testimony to the achievements of modern science. In this great industry the government has appropriated vast sums of money to help the dairyman in his work, and this is indicative of its importance as a factor of the great food problem of the world.

The territorial lines of the dairy belt have long since been annihilated. A few states and provinces in the east no longer enjoy the exclusive distinction of being in the dairy sections. In the Dairy building at the Exposition space has already been asked for by Maine and California, Manitoba and Texas. The supposed disadvantages of cold, winter, climate and food in portions of North America have largely been eliminated by the skillful dairyman, and today splendid representatives of dairy animals are found wherever the wholesomeness and nutritive value of milk products are known.

Few people have any adequate conception of the present magnitude of the dairy industry. In the United States and Canada there is one dairy cow to every four persons, or 20,000,000 cows. The annual milk production is estimated at \$500,000,000. Add to this the value of dairy cows, \$500,000,000, and we have \$1,000,000,000. To this add the investments in dairy appliances, and we reach a grand total of \$2,000,000,000 invested in this great industry in the United States and Canada. The great countries to the south of us, Central and South America, are eager for American dairy products, and with more people from these countries visiting the Exposition in 1901 than have visited the United States and Canada in the past half century the great commercial opportunity to exhibitors of Dairy Products and Supplies needs no further comment.

A large, beautiful building located near the Agricultural building will be devoted exclusively to Dairy Products and Dairy Appliances.

All the milk products will be exhibited in glass cases properly refrigerated for the purpose of maintaining as far as possible the texture and quality of the products on exhibition. Exhibitors whose products form a portion of their state or provincial products will not be charged for exhibit space, but individual exhibitors will be charged \$1.50 per square foot for space occupied.

The exhibit of Dairy Appliances will embody all the recent inventions and improvements made in this industry, including sterilizers, pasteurizers, separators, coolers, churns, etc.

Electric power will be furnished in the building should exhibitors desire to demonstrate the work of their machines for the benefit of the visitors.

The exhibit in the Dairy division will be a selective one and in point of attractiveness, interest and utility will surpass anything ever before attempted.

A Model Dairy, composed of representatives of all the breeds, will be in operation during the entire Exposition for the purpose of determining as far as possible the cost of production and the adaptability of certain breeds to special lines of dairy work. These several divisions are in charge of Mr. F. A. Converse.

Race Development.

The Department of Ethnology at the Pan-American Exposition will include a vast museum of archaeological treasures by which the development of the races, particularly in America, may be traced. The Americans have proved to be rich fields which the students have neglected. Racial implements and vestiges of the mound builders, the Aztecs or the Incas many centuries ago and brought to light only in recent years will serve to introduce the first Americans to those of the present day. A rare opportunity will be given to study the progress of man in labor and invention by means of these priceless exhibits.

UNCLE SAM'S DISPLAY.

Government Exhibit at the Pan-American Exposition.

The United States government has appropriated \$500,000 for an exhibit at the Pan-American Exposition at Buffalo next summer. To view the magnificent buildings and their multitude of treasures alone would be well worth going a long distance. They are much more beautiful than those of the government group at the Columbian Exposition, while the space for exhibition purposes is but little less than was occupied there.

QUADRIGA FOR UNITED STATES GOVERNMENT BUILDING.

occupied there. The display to be made by the department of agriculture will be of great value and interest to those concerned in the agricultural, horticultural and live stock industries, comprehending as it will all their varied features. The workings of the different bureaus of the department of state will be illustrated by means of blanks, sample letters, circular letters, etc., and much can be learned by the people of the manner of intercourse between the United States and other nations. The coming of money will be a feature of the exhibit by the treasury department. Here a coin press will be in operation, coining money at the rate of 50,000 coins per hour, each coin being struck with a force equal to the weight of 100 tons.

Collectors will be especially interested in the government's very complete collection of coins of all nations, a complete set of medals struck by the mint at Philadelphia and a complete series of currency issued by the government. Included in this exhibit will be a model of a lighthouse, fully equipped and in operation; a model of a quarantine station, models of marine hospital operating rooms and a model of a vessel constructed for deep sea sounding. Upon the shore of the Park Lake will be a life saving station, completely equipped with up to date apparatus, while the means employed in the saving of life on the sea will be daily illustrated by a captain and crew of two men with life and surf boats, with their appliances.

The exhibits of the war and navy departments will be the largest and most complete ever made at any exposition. ELBERT L. LEWIS.

Exposition Postoffice.

The United States government post-office department will occupy a larger space at the Pan-American Exposition than was ever before devoted to it at an exposition. The methods of mail transportation will be fully illustrated and a postoffice equipped with all the latest devices used in the larger post offices in the United States will be a feature of the exhibit.

Brother Dickey's Sayings.

Et dixit worl' is a howlin' wilderness, it's man dat do de howlin'.

Job wuz a pashunt man, but he never had ter wait fer a railroad train.

Solomon wuz a mighty much married man, en yit dey calls him de wisest man.

Ananias wuz kilt fer lyin. In dese days men git a prize fer it - A'lanta Constitution.

ATRYING POSITION

"My position is a trying one" was the joking remark of the cloak model of a fashionable woman's dress. But there is less just than earnest in the statement. It is trying to be on the feet all day, to be reaching and stooping hour after hour from morn until night. And that is a very meager outline of a business woman's day. With many such women the ordinary strain of labor is intensified and aggravated by a diseased condition of the delicate organs, and they become victims of that terrible backache, or blinding headache, which is so common among business women. If you are bearing this burden, bear it no longer. For the backache, headache, nervousness and weakness which spring from a diseased condition of the womanly organs there is a sure cure in Dr. Pierce's Favorite Prescription. Half a million women have been perfectly and permanently cured by this wonderful medicine. "My niece was troubled with female weakness for about six years before I asked for your advice," writes Mr. J. W. McGregor, of 62d St. and Princeton Ave., Chicago, Ill. "You advised her to take Dr. Pierce's Favorite Prescription which she did faithfully for nine months, and now she must acknowledge to you that she is a well woman. We cannot thank you enough for the cure."

Sick women can consult Dr. Pierce by letter free. Address, Buffalo, N. Y.

CITY OFFICIAL PAPER.

NEW SUMMER RESORT.

Contract Let for a Two-Story Building.

B. F. Norris, the contractor and builder, has secured the contract for erecting a two-story building on Terrace Hill, otherwise known as the Lawrence place, purchased last year by Henry Pellissier.

The new edifice will contain twenty-four rooms and when completed will be thrown open to the public as a summer resort.

Terrace Hill is picturesquely located in the eastern part of town and is supplied with water from a flowing artesian well and numerous ice cold springs.

Work on the building has already commenced and it will be completed the latter part of May.

Local Brevities

The Daily Call and Index-Tribune \$7 per year.

The Wegner building has been given a coat of white paint.

Shooting notices for sale at this office. Ones that will keep hunters off your place.

Remember you are invited this evening to the grand opening ball at the Union Hotel.

FOR YOUR SPRING HAT try Mrs. English Warren, Fashionable Milliner, 352 Main street, Petaluma.

Herman Laux is having his saloon newly painted and otherwise improved. The knights of the brush are "Doc" Wilson and Fred. Bulotti.

The weather the past few days has been very favorable for growing crops. The mornings have been cool and moist and the afternoons quite warm.

Help Wanted—Salesmen to sell \$20 typewriter. Will do equally as good work as any \$100 machine. Good pay to buyers. 719 New York Life Bldg, Chicago.

Do you want a brand new Wheeler & Wilson \$75 Sewing Machine that has never been used. If so apply at this office. This machine will be warranted and sold cheap on the installment plan.

Ladies are invited to call on Mrs. Du Bois, (Poppe bldg) for hats of all kinds. Trimmed hats a specialty. San Francisco trimmer. Don't miss seeing her stock before buying elsewhere.

Miss Lola Harashty will give a Jolly Hop at Union Hall, Saturday evening, April 20th. Splendid music by Mr. Agoston Harashty and Miss Natalie Harashty, Gentlemen, 50 cents. Ladies free.

For Sale—Almost new house and two-acre lot, barn, etc., located in Embarcadero, for sale for \$1100. This is a fine piece of property for the headquarters of a sporting club or a public resort. For further particulars inquire of H. H. Granice, Sonoma.

Leland S. Ramsdell, well-known to the young society people of this valley, is now in Salem, Mass. He left his home in San Francisco a few years ago for the East to engage in commercial pursuits. He is now associated with Clark & Friend, the leading outfitters for men in the city of Salem.

The opening ball of the Union Hotel this evening will be largely attended. Messrs. Wilde & Mullen, the new owners, have engaged excellent music for the occasion and those who attend are bound to enjoy themselves. Let every body turn out and encourage these energetic and enterprising hotel people who have made the Union an up-to-date hotel in all its appointments.

In the inner circles of fast paces Joe Patchen has a high place. Whether started in a race against time he is the same desperate fighter, never letting up in his speed from the time he gets the word till he goes under the wire. Joe Patchen is not a one-day pacer; he can be depended upon to go a fast mile whenever called upon.

It would be a good thing for buyers of harness if they kept these qualities in mind when buying harness. If they did, they would not buy any old harness that happened along, but would stock up on Wilson's.

After fifteen years of trial, the public has found that he can always be depended upon. Like Joe Patchen, he is a stayer, is always the same, and is sure to give the highest satisfaction, therefore he enjoys the confidence of the people. It pays dealers to sell a high class article that will please their customers. Every harness that he sells will make a new friend or keep an old one. Therefore when in need of anything in the harness line call on Chas. H. Wilson, 920 Main street, Petaluma, where will be found a full selection of harness, whips, robes, sponges, oil, etc.

FROST PLAYS HAVOC.

Product of Our Orchards and Vineyards Cut Down One-Half.

The frost of last week was bad enough but that of Monday morning was a "knocker." The thermometer fell to 28 degrees in the early morning hours, the freeze being the severest that ever visited the valley in April.

Vineyards were blasted and the beautiful green foliage of many of them were converted into a blackened and withered mass of tender shoots and leaves.

Reports from all sections of the valley agree that there will now be at the most only a half crop of grapes, peaches, pears, apricots and cherries. Apples escaped, as the trees are still in blossom.

No section of California escaped the withering effects of the late frost. The damage to vineyards and orchards was general throughout the entire State. This being so there is consolation for the Sonoma Valley farmer in the thought that mayhap, as the crop has been cut down everywhere, that a half-crop will produce as much revenue as would a full crop and a congested market. We trust it may be so.

FRIGHTFUL ACCIDENT NEAR RECLAMATION.

A Farm Hand Nearly Cut to Pieces With a Disc Harrow.

While engaged in driving a big disc harrow on the Lawrence ranch near Reclamation, last Tuesday, Gus Miller, met with a frightful accident. Six horses were attached to the harrow and they became frightened and ran away. Miller held pluckily to the reins and tried to stop the maddened animals, but was finally thrown from his seat and fell headlong in the path of the machine, which passed over him, the sharp revolving blades of the harrow cutting him in a horrible manner. The most serious cut was on Miller's right hip. It was ten inches long and laid the flesh open clear to the bone.

The victim of the accident was picked up and sent to San Rafael for surgical treatment. Notwithstanding his terrible experience the doctor says that Miller will recover.

Left a \$3,000 Estate.

George Wallman of this place filed a petition in the Superior Court last Monday for letters of administration on the estate of his wife Mrs. Catherine Wallman, who died in the Napa Hospital on March 11th. The estate, which is valued at \$3,000, consists of a small farm off Broadway in this place and personal property. Emmet Seawell and Ben S. Wood are the attorneys for the petitioner.

Delinquent Taxes.

Quite a number of real estate owners of city property have failed to pay their taxes for the year 1900 and the taxes are now delinquent and suit will be brought next month by the city to enforce payment.

Personal Mention.

Mrs. D. Duhring is confined to her home with a severe cold.

J. B. Morris of Agua Caliente spent last Saturday and Sunday in San Francisco.

Mrs. Geo. Zane is here from her home in Yolo county, visiting with her mother Mrs. M. A. Johnson.

Mrs. Agnes Ryland came up from the city Thursday evening for a brief visit with her Sonoma relatives.

O. B. Smith and family of San Francisco visited their dairy farm near Schellville several days this week.

Mrs. Clewe and her daughter Miss Dorris returned home Thursday after an absence of one month at the St. Helena Sanitarium.

Hall's family Pills are the best.

CASTORIA.

The Kind You Have Always Bought Bears the Signature of

NICKLE-IN-THE-SLOT MACHINES.

Sonoma Now Derives a Revenue of \$30 per Month from Them.

The nickle-in-the-slot machine ordinance, which went into effect February 1st, is now earning a revenue of \$30 per month for the city, and there are several machines which were turned to the wall last month, yet to be heard from.

Previous to the passage of the ordinance there were nine machines in this town. Of these six are now paying a license of \$5 per month. Only two of the nine are owned here, the others belong to a Napa man, who takes down as his commissions one-half the earnings of the machines which he has set up in the saloons of Sonoma.

The saloon men claim that the license is too high. That the city secures all the profits and leaves nothing for them, and that \$2.50 per month is all that the city ought to reasonably expect, and that the imposing of a license of \$5 a month on these machines is the worst kind of a bunco or skin game.

The advocates of the license, on their part, claim that the nickle-in-the-slot machines, particularly those owned by the Napa party, are skinning the town of its small change, and that the passage and enforcement of the ordinance was essential to the business interests of Sonoma. That the game, as conducted by the Napa man, is a "heads I win, tails you lose" proposition for him.

A Sad Case.

The Santa Rosa Republican tells of the arrival in that city last Monday of a young woman in a demented condition. She arrived on a Southern Pacific train from Iowa, having left her home in that State sound in body and mind. En route to Santa Rosa to visit relatives in that city she became demented and was unable to give any account of herself. The railway ticket, however, guided her safely through to her destination.

Upon her arrival in Santa Rosa the unfortunate young woman, whose name is Miss Phoebe McSweeney, was turned over to Sheriff Grace. Later on her arrival became known to her uncle and aunt, Mr. and Mrs. J. W. Plum, who took charge of the poor demented creature.

The young woman has a comfortable home in Iowa, and until beginning her unfortunate trip resided with her parents. She is apparently in good physical health, is neatly dressed and attractive in appearance. She is about 25 years old. There has never been any trace of insanity in the family, so far as is known, and her relatives are wholly at a loss to account for the sudden attack. Miss McSweeney is receiving the best possible care, and it is hoped that when rested from her long and fatiguing journey her mind may be restored. She is of a timid, retiring disposition and her relatives think that the hurry and excitement of travel may have temporarily unnerved her.

Horse Notes.

Will Kearney weighed his two-year-old Clydesdale colt, one day this week, and he tipped the scales at 1260 pounds.

A valuable work-horse belonging to Richard Fussell dropped dead Monday while being unhitched from a harrow.

Laurline, a fine brood mare belonging to Chase's racing stables in this place, came to an untimely end last Monday. She attempted to jump a fence that separated the barn from the paddock and a sharp picket penetrated the breast, causing death a short time afterward. The animal was valued at \$500.

Wedding Announced.

The marriage of Miss Grace Gummer, sister of Mrs. Dr. O'Donnell of Glen Ellen, and Robert Earl Reid of San Francisco, will be solemnized in that city on the 30th inst. The bride-to-be is well-known in the upper portion of Sonoma Valley. She is a handsome young lady, a graduate of the Sacred Heart Convent and a society favorite. The prospective groom is a prosperous business man of the metropolis, being a member of the firm of Maury & Reid, wholesale shoe dealers.

Episcopal Church at Schellville.

Service of the Episcopal Church will be held at the San Luis School House, Sunday, April 14th, at 11 a. m. by the Rev. Robt. Macfarlane of St. Peter's Church, Carson City, Nevada. Everybody welcome.

To Cure a Cold in One Day.

Take Laxative Bromo-Quinine Tablets. All druggists refund the money if it fails to cure. R. W. Grove's signature is on each box.

GLEN ELLEN TOWNSHIP.

Created by the Supervisors Saturday.

The people of Glen Ellen have at last been accorded their rights in the matter of dividing Sonoma Township so as to enable them to enjoy the same police protection that is accorded Sonoma.

The Board of Supervisors on Saturday again took up the matter of division and created the new Township of Glen Ellen out of the northern part of Sonoma Township. The new township will take in Eldridge, Glen Ellen and Kenwood.

The division was asked for and granted for the sole purpose of giving the people of the upper part of the valley a Justice of the Peace and Constable, which they have been sorely in need of for years.

There was only one feeble yawn against the division.

In accordance with Glen Ellen her rights in this matter Supervisor Blair Hart and his colleagues but did their duty as public servants. The only wonder is that the division was not granted a month ago.

STOPS THE COUGH AND WORKS OFF THE GOLD.

Laxative Bromo-Quinine Tablets cure cold in one day. No Cure, No Pay. Price 25 cents.

WEDDINGS THIS WEEK.

Dr. Herbert Shaw and O. Paulstine Become Benedict—Judge Carrol Cook Married.

Miss Zelma Johnson, daughter of Mrs. M. A. Johnson, and O. P. Paulstine, the teacher of the Harvey district school, El Verano, and a graduate of the University of Nebraska, class of '95, were married last Wednesday at high noon at the home of the bride's mother near this place. The happy young couple stood beneath a marriage bell composed of white roses while the solemn words which made them man and wife were pronounced by the Rev. C. D. Miliken, formerly of this place. The wedding was a quiet affair, only the relatives and a few intimate friends of the contracting parties being present. The maid of honor was Miss Murphy of Mill Valley and the best man Elliott Martin, principal of the Fourth-street school, Santa Rosa. The house was beautifully decorated with flowers, bamboo, grasses and ferns. The bride, who is a petite blonde, was becomingly attired in a white organdy over white taffeta silk trimmed with rare old lace. She carried a bouquet of bride's roses.

The ceremony and congratulations over the wedding party repaired to the dining room where a sumptuous repast was spread. Soon after dinner the bride changed her wedding gown for a pretty traveling suit and with the usual rice-throwing the newly-married couple took the afternoon train for a honeymoon trip to San Francisco and Fresno. Upon their return they will be pleased to see their friends at their future home, the Johnson farm near El Verano.

GOOD GOODS.

Father Yorke's Lecture.

A great deal of interest is being manifested all over the valley in the forthcoming lecture to be given by Rev. P. C. Yorke at Union Hall on the evening of Tuesday, April 30th. The reverend gentleman is one of our most noted lecturers and the people of Sonoma Valley can congratulate themselves on having an opportunity to listen to him. In addition to a big turnout from this place and other valley towns a large delegation of people from Petaluma and Vallejo Township will be present to hear and see the distinguished scholar and orator.

BREVITIES.

Dresel & Co. shipped a carload of wine to Cincinnati, Ohio, on the Southern Pacific one day this week.

Henry Miller, the village barber of El Verano, has returned from San Francisco and re-opened his shop adjoining the Exchange Saloon.

"Buttons," the thoroughbred fox terrier belonging to Mr. and Mrs. J. O. Horne, residing on the Maxwell place, disappeared last Monday and for several days it was feared that he had been stolen. A reward of \$10 was offered for the recovery of the animal, who returned home Wednesday on his own accord and earned the reward himself.

There was a beautiful family gathering at the home of Mr. and Mrs. Edward Johansen on Easter Sunday. At the noon hour three children were baptised: Edna Adelaide Johansen, Helene Mary Volquardsen and Howard William Golds. The ceremony was performed by Rev. Francis Watry. After the baptism the guests were invited to a dinner such as orphanage kings would like to partake of. Then followed a few hours of affectionate intercourse, all of which will ever be pleasantly remembered by all who had the pleasure of being there.
